

Date: December 29, 2020

To: All residents, families & team members

From: Cherie Powers, Executive Director

Subject: Path Forward Community Update

I trust everyone had a safe and Merry Christmas. I am happy to report that last week in our weekly testing, no one tested positive for COVID-19. Hopefully we will have another week without positive test results. With the continued increase in positivity across all areas, we are being conservative with easing restrictions.

Please continue to remain vigilant in infection control practices. It is imperative to wear a mask, to social distance, to regularly wash your hands, and avoid touching your face. There is light at the end of this tunnel, but we all must do our part for the next few months to make it through.

As we anticipate acquiring a date for our staff and residents to receive the COVID-19 immunization soon, I wanted to make everyone aware of the consent forms that will be required to be completed, signed and returned as soon as possible. We will be providing the consent form to all residents that are able to consent to the vaccine. We will provide consent forms to families of residents that reside in our Memory Care neighborhood. If you wish to **not** have your family member receive the COVID-19 immunization, please let us know by January 4. Otherwise, we will move forward with acquiring consent from any resident who is able to provide it. While we cannot require everyone to have the vaccination, we do highly recommend it.

If you would like to schedule a virtual visit with your loved one, you may do so here:

<https://www.signupgenius.com/go/legacyvirtualvisits>.

For screen porch visits, you may sign up here: <https://www.signupgenius.com/go/picnicvisits>

As always, we are thankful for everyone's cooperation, patience and prayers during this time.

As a reminder, all updates can be found online at www.thelegacyatnorthaugusta.org/pathforward.
