

Date: March 30, 2021

To: All residents, families & team members

From: Cherie Powers, Executive Director

Subject: Path Forward Community Update

I am happy to report we have another week with no new cases of COVID-19 in residents or team members.

We know our residents have enjoyed their visits with family, and we are all so happy to have been able to welcome families back into our community. We continue to ask everyone to sign up for a time to visit, which allows us to maintain a lower number of individuals in the building at one time. As a reminder, below are the outlined policies and procedures for visitation.

- Limit of two visitors per household per day; visitor limit also includes children; outdoor spaces are available and conducive for group of visitors greater than two and less than four.
- Visitors are required to enter and exit through the main lobby and participate in the established COVID-19 screening and check-in/check-out protocols; visitors should not enter and exit through remote door locations or through patio doors of residences on the first floor.
- Following check-in and screening, visitors should travel directly to the apartment of the resident they are visiting.
- Visitors are not permitted to visit and linger in communal spaces.
- Visitors are not to use The Legacy at North Augusta restrooms, but instead use the restroom in the residence apartment they are visiting.
- Visitors are required to wear masks and adhere to social distancing while traveling to the apartment; residents should communicate to their visitors ahead of time that they will be required to wear a mask.
- Visitors are not allowed to visit other residents outside of their family member.
- Refrain from visiting if you are not feeling well.

With Easter this weekend, we anticipate that many will want to bring their family member home for the holiday weekend. We cannot recommend this. Although the country has made significant strides in combatting the virus, we believe it is safest for residents to remain in their apartments and visit with family members here. We are making progress, and certainly don't want anything to happen that would require us to go back to the previous restrictions.

You may schedule a visit here: <https://www.signupgenius.com/go/picnicvisits>
