

Date: May 6, 2021

To: All residents, families & team members

From: Cherie Powers, Executive Director

Subject: Path Forward Community Update

I am happy to say we have had another week with no positive cases of COVID-19 in either staff or residents.

The Augusta County positivity rate has dropped below five percent. Due to the low positivity rate, we are now testing team members once a month or as necessary should anyone exhibit symptoms of COVID-19. We do continue to screen all team members and visitors daily and residents continue to be monitored for symptoms.

For the time being, we are continuing to maintain all visitation safety protocols. Although restrictions are being eased throughout the county, it is important to remember we are subject to more strict restrictions as an assisted living provider. We are monitoring changes closely and will announce as restrictions are eased.

When you consider visiting The Legacy, please keep in mind that we **require** everyone to schedule a time to visit instead of just stopping by. If you have trouble with scheduling, feel free to contact us at 540-885-5454 for assistance.

To schedule a visit with an assisted living resident, visit:
