

Date: May 11, 2021

To: All residents, families & team members

From: Cherie Powers, Executive Director

Subject: Path Forward Community Update

I am happy to say we have had another week with no positive cases of COVID-19 in either staff or residents.

I am so proud of the way The Legacy has handled the challenges with COVID-19 over the past year. Our team members and residents have been so resilient and I am thankful for all of them. While we know we as a country still have a ways to go, I feel confident we are moving forward in a positive direction.

After today, we will be moving to providing updates on an as-needed basis instead of weekly. However, we will immediately alert residents and families if we have any positive test results. We will also alert you when we are able to further ease restrictions, as we look to the Department of Health to provide us with additional guidance (please remember, as an assisted living community, we are subject to stricter regulations which are not always in line with the state's easing of restrictions or even those from the Centers for Disease Control).

To stay in tune with the day-to-day happenings at The Legacy, please like us on Facebook:
<https://www.facebook.com/legacyatnorthaugusta>.

For the time being, all visitors will still be expected to wear masks in the building and be symptom screened upon arrival. We also ask you reschedule a visit if you are feeling unwell. All visits must be scheduled in advance instead of just stopping by.

To schedule a visit with an assisted living resident, visit:
