

Date: November 10, 2020

To: All residents, families & team members

From: Cherie Powers, Executive Director

Subject: Path Forward Community Update

I am pleased to report, last week's test results all returned negative for COVID-19 in both residents and team members. If we can repeat that this week, we will be able to begin the reopening process again.

Starting the reopening process means we will start to offer in-person visitation again. However, we are very concerned about the rapid increase of COVID-19 cases throughout the state of Virginia. As we begin to reopen, if you have a visit scheduled with your loved one and are not feeling well, please contact us to reschedule. We can always schedule a virtual visit in lieu of an in-person visit if you are not feeling well. Additional guidelines we ask everyone to follow, recommended by the CDC include:

- First and foremost, always wear a mask when you are around others who do not live in your household
- Avoid large gatherings in crowded and poorly ventilated indoor spaces
- Continue to practice regular hand hygiene, soap and warm water is best, however, if those are not available use hand sanitizer that is at least 60% alcohol based
- When hosting or attending a gathering that includes food, avoid any potluck style meals, limit the number of individuals in the areas where food is being prepared and always wear a mask when preparing food

Right now, we can still accommodate virtual visits. You may schedule a virtual visit here:
<https://www.signupgenius.com/go/legacyvirtualvisits>.

As always, we are thankful for everyone's cooperation, patience and prayers during this time.

As a reminder, all updates can be found online at www.thelegacyatnorthaugusta.org/pathforward.
